Testimonials

"Greater efficiency and improved productivity are key reasons for the use of Amtech's FastTest Inspection and Testing software"

MITIE

"Before we had the software we did everything by hand. We employed up to seven office staff just to transfer the data onto the computer as it came back to the office," he said. "It must have saved us over £50,000"

PHS Compliance

"In recent years Amtech's estimating software has become integral to the company's operations..."

JS Wright

"As well as saving time and making us more productive, Amtech software makes it very easy to produce professional looking reports for our customers..."
